Dear Lily,

Attached please find the updated TM summarizing evaluations for SUs 8,10, and 11.
As suggested by you, I have included release criteria for some of the ROCs which were provided in Table 1 provided by you.
Both word and pdf versions are attached.

Thanks.
Anita

Dear Anita,

Thank you for your thorough work on the other survey units. Would it be hard for you to add a line showing the release criteria when you show the individual radionuclides? (Except for K-40?)

The values are in the attached table.

Thank you!

Lily
